

EcoQue Stainless Steel **PORTABLE GRILLS**

Enjoy the experience of outdoor cooking with unprecedented efficiency and convenience. With the EcoQue™ Portable Grill you can grill, bake, boil, fry, roast, and smoke your foods.

ECO-FRIENDLY AND EFFICIENT

- > Uses up to 75% less fuel than similar sized grills utilizing our patented, energy efficient design.
- > Unique reflective pyramidic design focuses more heat up toward the cooking surface for optimal performance.
- > Cook a meal for four people using as few as nine charcoal briquettes!

CONVENIENT AND VERSATILE

- > No briquettes handy? Use any biomass fuel: sticks, twigs, wood chunks, lump charcoal, alcohol or other wood products.
- > Easily adjust the amount of heat delivered to the cooking surface by changing the orientation, height, and quantity of the fuel.

DURABLE AND PORTABLE

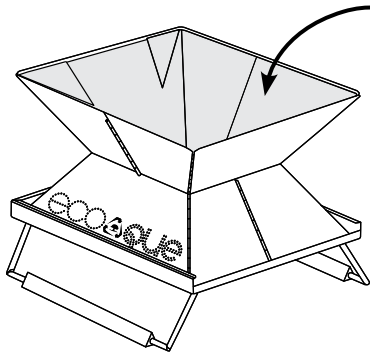

- > Made from high-quality stainless steel. They are durable, but lightweight, and collapse to just over 1" in thickness.
- > Sets up with no tools in under a minute.
- > Enclosed design makes the grill safe to use in environments that have high fire risk.

- Tailgating
- Camping
- Back Yard
- Beach Parties
- Small Decks

EcoQue Stainless Steel PORTABLE GRILLS

- > Stainless Steel materials allow for quick cooling, easy maintenance, and long life.
- > Enclosed design makes the grill safe to use in environments that have high fire risk.
- > 1/4" wire legs with non-slip covers provide sturdy support and fold flat for storage.
- > The SuperHeat Insert™ Fuel Grate allows fuels to be arranged in different configurations to control cooking temperatures.

Optional foil liners enhance performance and make clean up easier.

Shown here, the Heavy Duty Stainless Steel Griddle Accessory replaces the grill grate—giving you the option of frying or stir-frying.
