

## WATCH WHAT YOU'RE COOKING WITHOUT EVER LIFTING THE HOOD!

- > See-through, tempered glass grilling window built into the lid — saves precious heat, propane, and cooking time by reducing the need to open it
- > The Insultouch™ Hood reduces the outer hood temperature by 25%, making your grill safer and more efficient
- > Comes equipped with patented self-cleaning technology, so you can keep it looking like new

**ecoque™**  
WINDOW GRILL

EcoQue Window Grills offer efficiency, value, and features that put them head and shoulders above other grills in their class.

**Accept nothing less than the best!**

### YOU'LL NEVER WANT TO COOK INDOORS AGAIN!

- > 14,500 BTU matte enamel cast iron burners are complemented by stainless steel flame tamers to help distribute heat evenly
- > An additional wok-style, brass side burner delivers 14,250 BTU
- > Jet force ignition integrated directly into the gas valve control, independent for each burner, allowing for full control of the cooking environment
- > Zoned cooking system—enabling a variety of foods to be cooked at the same time at different temperatures
- > Cordastone self-cleaning tiles give you even heat distribution and prevent flare-ups

### LONG-LASTING DURABILITY!

- > Each grill is beautifully finished in either fingerprint resistant stainless steel or gloss powder coat
- > Specially coated no-rust screws help ensure that the finish will last for years to come
- > Locking casters for easy mobility
